

Driver Education

RACQ Driver Assessment Service

The RACQ Driver Assessment Service is a cost-effective and convenient method of identifying driving skills and/or behaviours that may require adjusting or fine-tuning. The service combines testing current road rules knowledge and a practical assessment of driving skills, and takes approximately one and a half hours to complete.

Companies, businesses and those organisations requiring pre-employment driving appraisals, or employers wanting to satisfy their Workplace Health and Safety responsibilities, should consider this service. A detailed written appraisal is supplied for your records.

Aim

To assess and report on a driver's practical skills and behaviour, reactions to hazards, attitude towards other road users and economical use of a motor vehicle. Development of some skills may occur if time permits

Inclusions

- a comprehensive written Queensland road rules test - approximately 30 minutes
- an on-road driving assessment with a qualified driver coach- approximately 45 minutes
- individual driving performance feedback and written appraisal is supplied after completion of the practical assessment
